

**[00:01:01.640] - Speaker 1**

Okay. Dear God, we call Michael, the archangel Raphael. My God, Einstein, William, and the Holy Spirit. We call any entities that are here for this group, we call in any entities that are here for their highest good. Any entities or spirits are not here for their highest good or mine. We actually take them to the light. We surrender this reading with light healing and love, and we thank you so very much. Amen. Amen. Amen. I got chills. Okay, so he's coming in. He's been gone a while. This isn't a recent passing, correct?

**[00:01:33.850] - Speaker 2**

Yes, that's correct.

**[00:01:40.330] - Speaker 1**

All right. So I feel like he's been gone a while. He's almost like a trailblazer, I feel. This guy did whatever the hell he wanted to and created. So I don't know if it was part of creating the area he's in, and I don't know why. And I know Bahamas is water, but he. And I feel like he's from that area or he wasn't there originally, but did he end up in that area? Yeah, I feel like once he got there, he said he never left.

**[00:02:23.080] - Speaker 1**

Okay. Yeah. I feel like he was, like an entrepreneur. He really had his hands in a lot of things. Okay? So I feel like he was really an entrepreneur. Wherever he could make money, he got into it. We don't know all trades. Okay? And I'm going to say this in a very loving way, and he said, it's okay. I don't know if all of them were up and up. Okay? And some weren't up and up. I just feel like there was some backhanded stuff going on, but he had a lot of power in that area. I feel like there's a lot of wheeling. He was a wheeling and dealing kind of person. So I feel like he made a lot of deals and did a lot. He had a lot of leverage. Okay? I'm going to say this. He was known in that area, but he wasn't given all the credibility that he should have had.

**[00:03:15.610] - Speaker 2**

Okay. Is that him telling you that?

**[00:03:19.180] - Speaker 1**

Yes, he's telling me this.

**[00:03:22.510] - Speaker 1**

Yeah. And I feel like there's more to it, but he said he lived the way he wanted to live. And then I have to say this. I feel like ... Is there questions with his passing?

**[00:03:36.130] - Speaker 2**

Yes.

**[00:03:37.170] - Speaker 1**

Okay. Because I feel like somebody killed him.

**[00:03:40.930] - Speaker 2**

Well, it could be, yeah. Anything really could have happened.

**[00:03:46.380] - Speaker 1**

It feels like a fight. I just feel like there was a fight. I feel. Stabbing.

**[00:03:54.310] - Speaker 2**

Interesting.

**[00:03:55.510] - Speaker 1**

Yeah. I feel like he got in a fight and didn't survive it. Okay? And it took days for him to die from it. It wasn't instant.

**[00:04:05.610] - Speaker 2**

Okay.

**[00:04:07.690] - Speaker 1**

But like I said, he had a lot of deals going on. He was really busy and he had power. Okay? So people came to him for a lot of things. Yeah. So he's known, like, you could do a movie on him.

**[00:04:26.610] - Speaker 2 (sarcastically)**

Yeah, that might happen.

**[00:04:32.130] - Speaker 1**

He was really an entrepreneur in a lot of ways.

**[00:04:36.630] - Speaker 2**

So we're curious about how he fits in with the family. How did he fit in with his family?

**[00:04:45.670] - Speaker 1**

Well, I would say, and I'm going to say this, I feel like he had a few people, a few women.

**[00:04:56.570] - Speaker 2**

Oh, okay.

**[00:04:58.730] - Speaker 1**

There weren't just one. Okay? Like I said, this guy, he said he had a few people that he was with. He wasn't with just one woman. Once he got to the Bahamas, I feel like the family kind of separated. I don't know where your family's from. Inland somewhere. But once he got to the Bahamas, he didn't leave. Yeah. Okay? And I feel like he had family. I feel like mother, too. I don't think she was real happy with him leaving.

**[00:05:31.270] - Speaker 2**

Oh, okay.

**[00:05:33.030] - Speaker 1**

And I don't think they had the best relationship, by the way.

**[00:05:36.710] - Speaker 2**

Really?

**[00:05:37.500] - Speaker 1**

No.

**[00:05:39.210] - Speaker 2**

What about his siblings?

**[00:05:42.940] - Speaker 1**

Feel like three or four siblings.

**[00:05:45.610] - Speaker 2**

Yeah.

**[00:05:46.590] - Speaker 1**

Okay? And he said he didn't have any animosity with any of them. He kept in touch with two of them. Okay? And the other two, not as often, but two of them he kept in touch with. But he didn't want everybody knowing everything he was doing either. Yeah. And said he didn't have a lot of free time. He was like a workaholic.

**[00:06:13.570] - Speaker 2**

So what was he doing then that he didn't want people to know?

**[00:06:17.750] - Speaker 1**

Well, it's almost like in his day, it's different than our day. I just feel like he was just like an investor making deals or having this deal, but he was so fascinating because he could think of things and knew how to make money with it where other people wouldn't even think of it. So he got a lot of partners and people investing and shit. And I feel part of his death was somebody felt like they got screwed.

**[00:06:54.110] - Speaker 1**

And he was basically telling, it takes time. This isn't overnight. But nowadays we have people like this, you call them investors, but he wasn't as organized and he wasn't as structured as most investors are nowadays. So his was more like, he's going to one place, to the next and doing this. But he had money coming in and out from different

ways. So he had money, but it came in as quickly as it left. He just said it was always coming through.

**[00:07:24.250] - Speaker 2**

All right. This is just what's coming through you. How do you know that this is the person? I'm wondering what the vibe is ?

**[00:07:39.380] - Speaker 1**

The way I do it is - the way you read is, you connect with the people you're reading, and you pull in from that energy. It's like a triangle. I pull in from your energy, mine, and then the person that you're wanting, and then a read off of all of you. And he's coming in. He's willing to talk. He has no problem talking.

**[00:07:57.170] - Speaker 2**

Okay, well, I have some more questions for him.

**[00:08:00.420] - Speaker 1**

Okay, go ahead.

**[00:08:02.790] - Speaker 2**

Well, I'll let you know. His father died before he did, and I'm wondering what his relationship was with his father. Our grandfather.

**[00:08:11.570] - Speaker 1**

It wasn't great and I feel like dad kind of gave up on him. His dad gave up on him. And you got to remember, these times were different. This is a while ago. This wasn't yesterday.

**[00:08:27.160] - Speaker 2**

Okay.

**[00:08:28.060] - Speaker 1**

So the way he's explained it to me, and he's right, his dad thought everything had to be

a certain way to make money, and this guy was way ahead of his time. So he couldn't relate to him making money like that or even give him the props or the respect.

**[00:08:51.700] - Speaker 2**

Don't think we gave you his name as Bill. Our uncle Bill.

**[00:08:55.780] - Speaker 1**

His dad.

**[00:08:57.110] - Speaker 2**

No, our uncle.

**[00:09:00.090] - Speaker 1**

Yeah. You didn't get the name, but I don't need the name. But he said his dad and him didn't really see eye to eye.

**[00:09:07.630] - Speaker 2**

Okay.

**[00:09:08.970] - Speaker 1**

But it hurt him. He really loved his mom. Yeah, he loved his mom. So he said he had issues with that because mom had a hard time with him being so far away. So he said my pain was with my mom, and he tried to get her to visit him.

**[00:09:31.950] - Speaker 2**

Really?

**[00:09:32.800] - Speaker 1**

Yeah. I don't. I don't believe she went. And he got so busy there that he didn't have time to go anywhere. And he loved it there. Like, he thrived in the Bahamas. I would even say he may have created it to be what it is. Like he had a part in how it came about. I just feel like he's a trailblazer.

**[00:10:00.330] - Speaker 2**

He was with someone else when he disappeared, and that person disappeared as well. And I don't know exactly what my question is about that, but I wonder how he deals with that? I'm wondering if he talked the other person into being in the situation.

**[00:10:22.370] - Speaker 1**

No, they just happened to be at the wrong place at the right time. And the other person died as well because they were there. But I really feel they were killed. And they didn't have the investment or the time to go looking. Like, I just feel there were a lot of leads. I don't feel that people cared enough to find out what happened to him.

**[00:10:48.620] - Speaker 2**

Okay, you mean the people that were doing any kind of investigating?

**[00:10:53.890] - Speaker 1**

Yeah, that's exactly. The law enforcement weren't that invested to help because they knew. They said, what's the point? They wouldn't find them anyway. And they made sure they disposed of bodies they wouldn't be found. Yeah. Well, you know where they took them? Way out on the ocean and dumped them.

**[00:11:18.410] - Speaker 1**

And how can you find a body way out in the ocean, those resources. Like I said, the law enforcement wasn't invested enough to go look.

**[00:11:29.470] - Speaker 2**

Right?

**[00:11:32.750] - Speaker 1**

Yeah. And I have to ask you this. Did he have a daughter?

**[00:11:36.510] - Speaker 2**

No, not that we know of.

**[00:11:38.620] - Speaker 1**

I think he has a daughter.

**[00:11:40.670] - Speaker 2**

You think he has a daughter? Okay, how can you tell where she is? Do you know where she is?

**[00:11:46.130] - Speaker 1**

Where she is? I see her, and I do feel he had other women. I don't feel he was with one person.

**[00:11:53.090] - Speaker 2**

Okay. The rascal.

**[00:11:59.560] - Speaker 1**

I do feel he has a daughter. I don't think you guys will find her. And I feel somebody he hooked up with off and on.

**[00:12:11.530] - Speaker 2**

Let's see. What does he want to say to us? I mean, is as family, that he didn't know.

**[00:12:21.630] - Speaker 1**

He said if he could give you any vice, make better choices than he did. He says you don't want to ever cross anybody. Horrible way to exit.

**[00:12:34.770] - Speaker 2**

I wonder who he crossed?

**[00:12:36.870] - Speaker 1**

I feel another man. I feel like somebody invested with him. They didn't feel they got their return and that they got screwed and they took him out. That's exactly what happened. And he said that he finds it interesting that you guys want to know about him because

he doesn't feel like he mattered that much.

**[00:12:59.210] - Speaker 2**

Wow. Well, we're highly interested in him.

**[00:13:04.170] - Speaker 1**

He's in awe and humbled. Thank you. And he said one day he'll get to meet all of you when you guys return.

**[00:13:16.990] - Speaker 2**

I wonder, does he know ... is he there with his family?

**[00:13:21.550] - Speaker 1**

He's with his family, yes.

**[00:13:23.650] - Speaker 2**

Okay. So they're duking it out.

**[00:13:29.570] - Speaker 1**

You make amends on the other side. It's the most loving. I tell people it's the most amazing place to go, but he finds it interesting that you guys want to know about him. He's like, I'm in all that. They want to know about me. He's very smart, just way ahead of the game. I just feel like he's just like popcorn brain. Like he would come up with things people wouldn't even think of.

**[00:13:59.470] - Speaker 2**

Well, so he left school, a prestigious school, but we don't know why he did that.

**[00:14:09.470] - Speaker 1**

He said he wasn't learning anything.

**[00:14:12.370] - Speaker 2**

That sounds about right.

**[00:14:14.610] - Speaker 1**

He said, I'm not learning anything there. Why waste my time?

**[00:14:18.770] - Speaker 2**

Okay.

**[00:14:19.620] - Speaker 1**

The thing is experience. I could experience and learn more.

**[00:14:23.750] - Speaker 2**

Okay.

**[00:14:24.540] - Speaker 1**

So he just said it was too structured for him as well. He's not a structured person.

**[00:14:29.910] - Speaker 2**

He ended up, what is it? Not enlisting? But he got drafted. Yeah, he got drafted, but we don't know much about that experience either.

**[00:14:44.890] - Speaker 1**

He said he just did his time on that and then when he got out, he was able to live his life.

He didn't believe in any of that. He said, I don't believe in the system, the government.

**[00:14:58.750] - Speaker 2**

So what did he plan to do? What did he plan to do with his life?

**[00:15:06.690] - Speaker 1**

He just wanted to make money and retire in the Bahamas. He said he loved it there. He wasn't going to leave there. He found a touch of heaven he wasn't going to let go of. He

said he came alive there. His cylinders were spinning. Like he really felt like he was connected to something there that he couldn't get anywhere else. And he couldn't explain it. He said it was exactly where he needed to be. And he's very smart. Okay? And intelligent, but he operates differently. He's not the norm. And he comes off like he doesn't need anybody. But then people were drawn to him. He didn't go looking for anything. It always came to him. Yeah. And he said, it's a fascinating life. He said, but if I tell you guys anything, be careful with your choices because everything has an effect, and if you don't think it does, he said, don't learn like I did.

**[00:16:21.530] - Speaker 2**

Yeah, it does make sense.

**[00:16:26.570] - Speaker 1**

He's a great guy. Okay. I feel like you could sit and learn from him. And a lot of energy. I mean, he just always. Go, go. He said I was always active. He never stopped. And he didn't know he was going to die, by the way. He didn't see that coming.

**[00:16:50.050] - Speaker 2**

No, I don't think anybody did. So he had a problem with his eye. And I'm wondering how much that affected him in his life.

**[00:17:01.910] - Speaker 1**

He said it did affect him, but he was used to it. And he said it bothered him at times. But he said, I was just motivated to do my life and I almost feel like. Was he blind in the eye, too?

**[00:17:20.570] - Speaker 2**

Not that I know of. No. It was kind of lazy. Yeah, it was lazy eye.

**[00:17:25.540] - Speaker 1**

He said it got to where he couldn't see as well.

**[00:17:28.670] - Speaker 2**

Yeah. He had real thick glasses.

**[00:17:38.530] - Speaker 1**

And you know what? It's almost like he was over reading him. He's overactive. Like, he never stopped. Like, his mind would never stop. He was constantly, like, OCD, kind of like that. And I mean, he said he had a hard time resting. He didn't require as much sleep. Okay, so he didn't sleep. His rpms were high.

But he said, you just live and learn. He's learning from everything. He's studying metaphysics and the meaning of it all right. Now he wants to understand the meaning of it all because he feels he could have done better in his life if he directed it differently. Because his motivation was money and making deals and staying busy. He said that was my motivation. Relationships weren't as important to him.

**[00:18:37.330] - Speaker 2**

But does he know that he had a daughter?

**[00:18:41.030] - Speaker 1**

Yeah, he knows. It was out of wedlock.

**[00:18:53.130] - Speaker 3**

Does he know now or that he has a daughter or did he know then before he died?

**[00:19:00.240] - Speaker 1**

He knew before he. Oh, and he knew afterwards, but he wasn't as engaged with it because he wasn't as invested with the person that got pregnant.

**[00:19:10.290] - Speaker 2**

Okay. Yeah, got you. How does he feel about that?

**[00:19:16.080] - Speaker 1**

He has a lot of shame with it.

Because he said I was selfish in some ways. And the person that had his child, she really liked him, but he wasn't as invested with her that she was with him.

**[00:19:33.830] - Speaker 2**

So does he feel. How am I going to put this? Well, I don't know. What kind of questions do you have? *[asking others who were present]*

**[00:19:35.750] Speaker 3**

Well, I'm wondering about this daughter?

**[00:19:45.610] - Speaker 1**

I'm not getting where she is.

**[00:19:49.930] - Speaker 2**

What happened to the mother? She's still in the Bahamas or did she disappear?

**[00:19:54.430] - Speaker 1**

She's not there. I don't know where she is. I'm going to say she's east coast, Carolina somewhere, maybe Georgia. So I feel the Carolinas. I'm going to go with that first. But I feel the mother's in the Carolinas and so is the daughter. So wherever there is the daughter is all right. And she looks like him. The child.

**[00:20:18.040] - Speaker 4**

Okay. Yeah. Was it a bahamian woman?

**[00:20:26.680] - Speaker 1**

No, somebody from the states. Yeah, because she's back. Original where her family is. So I get blonde, too.

**[00:20:44.830] - Speaker 2**

Could be, yeah. All right.

**[00:20:47.390] - Speaker 1**

I know. Isn't that crazy?

**[00:20:49.470] - Speaker 2**

Okay, he disappeared with another person. Was he the one whose idea it was to go somewhere, or was it the other person?

**[00:21:09.130] - Speaker 1**

It was his idea.

**[00:21:10.870] - Speaker 2**

So does he ... He must feel some kind of ... You said he felt remorse?

**[00:21:15.340] - Speaker 1**

Yeah, for a lot of things. Because he was impulsive, too. Okay? So he made a lot of hasty decisions. He didn't think a lot of things through because he would jump from one project to the other like it was nothing. He was very fast and so he wasn't thinking. He goes, I didn't even have a thought somebody wanted to kill me.

**[00:21:40.930] - Speaker 2**

Interesting.

**[00:21:42.130] - Speaker 1**

And they had only invested like three or four months prior, and they just were out to take them out. And this was somebody he had nice conversations with, saying, it's going to take time, and they felt like he was conning them. And the other person, he feels bad, but they both didn't see it coming. So he said, I feel remorse, but it's not my fault either, because I didn't expect that to happen. So it's like they were kind of set up. The other person didn't have a clue either, by the.

**[00:22:18.650] - Speaker 2**

Yeah, yeah.

**[00:22:20.960] - Speaker 1**

Reminds me of like, you know, remember OJ killed Nicole and then the guy with the sunglasses took the sunglasses back and he happened to be there at the wrong. Kind

of the same.

**[00:22:32.590] - Speaker 2**

Yeah.

**[00:22:33.950] - Speaker 1**

You know, like the friend was there, happened to be at the wrong place at the right time and they took them both out. The other person didn't have anything to do with this kind of shitty, right?

**[00:22:46.890] - Speaker 2**

Yeah, kind of shitty.

**[00:22:49.510] - Speaker 1**

But like he said, it's not my fault. I didn't see it coming. And I would never put anybody in harm's way, okay. Because he said, I would never do that to anybody. I'm not that kind of person. He goes, I was about making money and making deals and doing business and rocking and rolling. I never saw anything as out of hand. He never thought somebody would even think of killing him.

**[00:23:15.310] - Speaker 2**

Can I ask you a question about something? So he had a friend. He had a few friends back where he's from. And I want to know what was his kind of relationship with Ross Taylor.

**[00:23:31.650] - Speaker 1**

They were good friends. They talked, you know? And I think Russ really looked up to him and always wanted to know what he was doing. I think it excited him to know, because the guy lived an adventurous life. So Russ always wanted to know what was going on.

**[00:23:49.930] - Speaker 2**

All right. Does he have a message for Ross?

**[00:23:53.350] - Speaker 1**

He said, don't believe everything you hear.

**[00:23:57.870] - Speaker 2**

Okay. I wonder what that means?

**[00:24:00.900] - Speaker 1**

Have a drink for him.

**[00:24:02.910] - Speaker 2**

Okay. Have a drink for him. Okay. What should he drink?

**[00:24:08.030] - Speaker 1**

Mai Tai, Margarita, anything.

**[00:24:10.750] - Speaker 2**

A bloody Mary.

**[00:24:12.410] - Speaker 1**

He said, just have a drink for him. And he said, live with the spirit he had, but be careful with your choices. He keeps saying that. Just be careful with your choices.

**[00:24:22.630] - Speaker 2**

Okay. So as far as he had another friend named Dick Palmer, and I'm curious about his friendship and stuff like that.

**[00:24:34.230] - Speaker 1**

They were good friends. They talked from time to time. But it's like Bill is saying, most of his investment was with people on the island and he talked to other people that were inland, but most of his transactions were on the island.

**[00:24:53.950] - Speaker 2**

Okay. Does he have anyone in particular on the island? Is he giving you any kind of idea about someone that he knows, knew that would have known him and his situation or anything?

**[00:25:07.810] - Speaker 1**

An older woman, but I don't know if she's still alive.

**[00:25:10.930] - Speaker 2**

Okay.

**[00:25:11.720] - Speaker 1**

I feel like a local heavyweight woman that actually knew about him. Okay, ask around. She might have worked the bar or worked some kind of joint there, but she knew him really well, and they were good friends and she gave him good advice.

**[00:25:30.170] - Speaker 2**

Okay. He didn't follow it.

**[00:25:33.210] - Speaker 1**

That's right. Some of it he did and then others. But she was always worried about him because he had his hands in too many things.

**[00:25:42.190] - Speaker 1**

Okay.

**[00:25:43.870] - Speaker 2**

All right, well, you guys, this was a good read. I hope I helped.
